

BELIEVERS ACADEMY

CONQUERING CHALLENGES & UNLEASHING POTENTIAL

OUR MISSION AND PHILOSOPHY

Believers Academy is dedicated to ESE students aged fourteen to twenty-one who are at risk of dropping out of their schools due to persistent lack of success in that environment. The main goal of Believers Academy is to reduce reading and math deficits while building vocational skills. Each student will obtain and maintain employment. Through these accomplishments each student will increase their self-esteem and become a productive citizen.

COMMUNITY CRISIS = COMMUNITY SOLUTION

“IT TAKES A COMMUNITY TO RAISE A CHILD”

There are common problems in society and education that are adversely effecting our community. Rising unemployment rates, employees with unsuitable skills, High School dropouts, young adults that cannot read or write, and increasing illegal operations are a few that continue to cripple our society. It is our Mission at Believers Academy to break the cycles by fixing the problems. The following are specific areas we plan to address with the assistance of Corporate America:

- Unemployment
- Illiterate citizens
- Low Functioning Math skills

- Successful employment traits
- Lack of Vocational Training
- Inadequate Occupational Exposure
- Nonexistent Role Models
- Self-esteem
- Community Pride & belonging
- Respect & Pride

Together with Corporate America, we can make a difference. By conquering each students academic weakness, teaching them a trade (emphasizing strengths, increasing self-esteem, providing suitable role models). Investing in students today will yield better leaders of tomorrow.

MAKE A DIFFERENCE TODAY
